West Midland Pensioners Convention

We have organised a follow up meeting of the Campaign group held on January 10th to discuss how best we in the West Midland Region can successfully campaign to ensure that the demand, of the National Pensioners Convention, Age UK and many other pensioners organisations including the West Midlands TUC Pensioners Network, that the Free TV Licence for those reaching the age of 75 should be protected and returned to government responsibility.

We need to build on our successful rally outside the BBC at the Mailbox and the nearly 3,000 strong "Save Our Free TV Licence" petition.

Please do your best to attend the WMPC Campaign Group meeting
